

CHAIN SHARPENING & REPAIR

TEMPEST

● *Fighting for performance*

CHAIN SHARPENING & REPAIR SERVICE

We're pleased to offer professional *Raptor Carbide Chain* (only) evaluation, sharpening and repair, performed by our specialists. Chain evaluation specifically is a service provided free of charge.

Pricing information is provided to help you estimate the cost of your chain sharpening / repair. A Tempest Customer Service Representative will reach out to the listed contact person with evaluation results and exact pricing for chain repair prior to any actual work being performed.

It's recommended that all damaged cutters be replaced for optimal chain performance. Our specialists will replace up to eight (8) cutters per chain loop. If more than eight (8) cutters need to be replaced, we recommend replacing it with the purchase of a new chain.

For chain evaluation, sharpening, and/or repair, please complete and mail the form section below along with chain(s) to:

Tempest Technology a Leader Group Company
4708 N. Blythe Ave. - Fresno, CA 93722
